## A RÉSUMÉ OF FRENCH FASHIONS

PREPARED ESPECIALLY BY OUR PARIS OFFICE FOR  
ARMY AND NAVY WOMEN

Ever since the Grand Prix Ball in Paris women have smiled as Carlotta Monterey is doing here, under Persian turbans which Best & Co twist of metallic tissue and ribbon.

Women still billow their way over the dance floor. This creation is all sky blue chiffon, silk net and gold lace, much bouffant and gay with hand-wrought flowers.

Here's a coatee-blouse that is more blouse than coat, though created in the favorite fabric Bokhara printed Roshanara Crepe.  
*Photo Old Masters*

When it's a gown to wear during the day and still function properly in the evening at dinner and the theatre the choice rests on this klo-ka, draped frock with novel long sleeves.

*Photo Tornello*

The bourrelet rolls would stamp this brown and henna trelaine wrap as a Madeleine creation, even though the cape-like panel and wide sleeves were not added.

This gown of black gaufré pussy willow satin attracted much attention at the recent Fashion Art League Exhibition because it is equally appropriate for dinner and the theatre and even for the dance floor on more formal occasions.

Gen. Wm. Mitchell, Ass't Chief of Air Service, U. S. A., likes riding almost as well as flying. At that the general's mount can almost fly.

Glen H. Curtiss and his sailplane, in which he is making experimental tests with the end in view of rising from the sea without motive power.

Corporal Williamson, "Ser. Co., 34th U. S. Inf., greatest individual point winner at recent Madison Barracks Horse Show.

Loren M. Felt, Chicago civilian, winner of the Leech Cup Match, National Matches, Camp Perry, O. At 800, 900 and 1,000 yards he scored 105 out of a possible 105. Perfect!

**Why I Never Lost Billy's Love**  
FOLKS always wondered about Billy and me. And envied me, too! Because into my life there never came that tragic moment when a child suddenly seems to grow away from his mother. For I learned the secret that ends forever the fears that creep into a mother's heart if she finds her child untruthful, disobedient, wilful, selfish, disrespectful, ill-tempered or jealous. I first learned the secret from the Parents Association. This organization of 30,000 parents has adopted a truly scientific method which shows you how in your own home to correct these and other dangerous habits which, if not properly remedied, lead to serious consequences. It removes the cause—not by punishment or scolding but by confidence and co-operation along lines easy for any parent instantly to apply. This system, put into an illustrated course for busy parents, is producing remarkable results for thousands of parents all over the world. It is also endorsed by leading educators. It covers all ages from cradle to 18 years. Don't take the terrible risk of ever losing your child's love. Parents Association will gladly send you the Free Book, "New Methods in Child Training," describing the new system and the work of the Association. If you send a letter or a postcard today the booklet will be sent you, without obligation, at once.
